1. Attached for your retention is a copy of a summary of economic development in Czechoslovakia during the second half of April 1949, as prepared by the State Planning Office.
2. Such a summary is compiled by the State Planning Office every two weeks and it is based on reports received from observers stationed throughout Czechoslovakia. Each observer has the responsibility of reporting for his area economic changes, deficiencies, poor management, manpower shortages, discipline among the workers and their morale, lack of equipment, bottlenecks, and related information.
3. Each summary is submitted to the State Planning Commission, which in turn may forward it to the government for appropriate action.
